## **Mental Health Awareness Month - May**

It's Mental Health Awareness Month. The observance raises awareness for this May diversity topic, and those living with mental and behavioral issues. So during May, support those who live with mental health challenges, as well as their families and loved ones. They are also affected by mental illnesses. Some great ways to support others with mental health difficulties include staying calm, being patient, avoiding judgment, and maintaining social contact.

## **Caribbean American Heritage Month - June**

Caribbean American Heritage Month recognizes all those of Caribbean descent as well as the contributions they made to American society throughout history. You can celebrate this month by making a traditional Caribbean meal or checking a book out of the library about Caribbean history.
